### Personal Amenities

#### Back Supports

Back Support Belt constructed of vented surgical elastic back panel w/ 4 flexible stays. Non-stretch side panels with contact closure for abdominal support. Double pull elastic tension straps w/ contact closure. These are designed to help reduce potential work related injuries. Application Instructions: Detach double pull straps and align back panel at lower back. Grasp ends of the side panels and stretch them right over left. Reach for the double pulls, stretch and secure them. Be sure belt covers the abdomen, as the belt should provide abdominal support. With Suspenders, adjust strap length so that straps remain firmly but comfortably on shoulders. Sizes: Take measurement around the mid-section at the belly button.

#### 9" BACK SUPPORT COOL BELT
